REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on January 17, 2005 and a review of the instant amended claims has convinced the examiner that the claims are allowable over the prior art of record. The prior art fails to teach or suggest a thermoglue binding tape to protect and decorate carpet's edges and borders, wherein the tape comprises a a tape backing sheet with opposing major surfaces, a first adhesive completely covers one surface of the backing and second adhesive extends along the second surface and is adjacent to one edge thereof, and a welting extends along the said one surface and is adhered thereto substantially midway between opposing edges of the tape. Further, the tape is wrapped around the welting such that its originating portion adheringly overlies its terminating portion to form a flange, said portions are free of the welting as shown in figure-6. Also, no evidentiary support could be provided to support the position that the instant claimed invention would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nasser Ahmad whose telephone number is 571-272-
